INMERSIÓN LINGÜÍSTICA EN YORK (22-28 DE MARZO) 3º ESO Bilingüe

Veintiséis alumnas y alumnos de 3º de la ESO de la Sección Bilingüe, acompañados de Clara Zumel, del Departamento de Educación Física, y Raquel Rodríguez, del Departamento de Inglés, han podido disfrutar de una inmersión lingüística en la ciudad de York (Reino Unido) durante seis días. Durante este tiempo, han compartido momentos con sus familias anfitrionas, asistido a clases en el colegio Melton College y tenido la oportunidad de disfrutar haciendo actividades grupales que les han permitido mejorar su inglés y, al mismo tiempo, conocer un poco más esta bonita ciudad en la que diversos pueblos dejaron su huella. Asimismo, han tenido la oportunidad de visitar la cercana ciudad de Leeds, en la que visitamos el Royal Armouries Museum.

Estos son algunos de los comentarios de alumnos que participaron en la inmersión:

"The stay in York was one of the best things I have ever done in my life. One of the things I enjoyed most was the trip to Leeds. My host family was very good. There were very kind and respectful. They cooked very well and they had a very varied diet."

Álex del Val-S3B

"It was a very good experience. I would have stayed one or two more weeks. Here the people are very friendly, like my host mom. She is a very nice person. She asks if we like her food, how was our day and she asked me about my boyfriend too! It was very embarrassing. The lessons were a little bit boring, but the teachers tried to do it fun. The activities were entertaining. I laughed a lot. One of my favourites was the ghost walk because it was very interesting and the teacher told the stories very enthusiastically. I would repeat the experience."

Ilia Valverde-S3C

"The stay was pretty good in general. There were things that I would change such as the visit to the museums or the selfie contest. The host family was really nice and respectful. In general it was an experience that I would like to repeat."

Hugo Domínguez- S3B

"Our trip to York has been very exciting. This is the first time I travel on my own without my parents. The experience with the host family has been very beautiful and interesting. And of course the shopping was the best. I bought lots of presents!♡"

Esperanza Aladro- S3A

"I really liked the city of York. I enjoyed the history of this place very much. It's full of ghosts and beautiful parks. The family was

great and lovely and they took care of us a lot. All the streets were mysterious and I loved the activities so much, especially the selfie one. And although I think the classes were unnecessary, they were also very interesting and entertaining. I feel that I have improved my English and I hope that some day I get to visit York again."

Lara Quintana- S3B

"My days in York have been really good. The host parents have been kind and friendly with us. The trips were amazing but the Railway Museum was better than the Royal Armouries Museum in Leeds. The best activities were the Cat Trail and Ghost Walk. In Melton College I have learned a lot of things in English like the question tags. The only two things that I didn't like were the weather and the food!"

Marta Gayubo-S3B

"For me, this school trip has been the best one of this school year so far. Our family was very nice and the bedroom was okay but we didn't see the whole house. I've learnt new things with the lessons and they were not that boring, we had a good time. My favourite activity was when we went to Leeds but I think it would've been better if we'd had more time to be there and I also liked going bowling, but the other ones were okay too. I've enjoyed this week very much, especially because I was with friends all the time so it has been great."

Alba Matesanz-S3B

"This week in York was very special for me. The first night we slept in a cosy hotel. The next day we met the family. They were very nice and friendly. One night, we played parchís (Ludo) with Niley and Noah (the children). I have

discovered a lot of new things. For example, I had no idea Kit Kat was from York, and I heard some fantastic stories about myths about ghosts. Those stories made me think about many business, such as building an haunted hotel or a haunted restaurant. We did a lot of different activities and competitions. I won two competitions. For the first competition we had to take some selfies. It was quite funny to stop people in the street and ask them to kiss one another. The second competition I won was the Treasure Hunt. I won a little Teddy Bear.

My favourite part of the city was the Harry Potter street, because there was my favourite shop, Hedden Tea. I have bought two bags of delicious tea and if I had had more money I would have bought even more tea. After this week I ended in bankrupt. I really enjoyed this week, but I didn't like the cold weather. I'm very happy to be back in Spain, but I'm sure I will be back to York to buy more tea when the weather is warmer!"

Sonelia Claudia Voinescu-S3C

"I liked this experience a lot because it made me improve my English. I have learnt a lot about the English people. I liked the classes, especially the breaks and the lunch. What I'm especially going to miss is the tours and the things we did in our free time, like going shopping or going to Starbucks. These little things are the things that made this trip special. I didn't like the food that our families gave us. They were always a boring sandwich, chips, a small snack and an apple. But for the rest, it was one of the best experiences of my life."

Lucas Bettas- S3B

"I had a great experience in York. It was the first time I took a plane so I was very excited. I had a great time with my host family. Esperanza and I taught them how to play a Spanish card game and then we played almost every night. The thing I missed the most about Spain was the timetable; I couldn't stand having dinner at 7:00 p.m. and I also hated having just a sandwich for lunch. I loved some of the activities, like the Cat Trail one or the Treasure Hunt (although we only answered six questions). Anyway, It was one of the best travels of my life."

Martina de Gracia-S3C

"I liked the experience very much, because it was very different to staying at a hotel. I learned new words in English. When I stayed in York I felt more independent."

Pedro Casado-S3A

"I liked my experience in York very much, because it was a new place with things different from Spain. I loved things like the houses, York Minster and all the structure of the buildings. The activity that I liked the most was the treasure hunt because was really interesting and we visited a lot of streets. The family was perfect in all the aspects. I missed things like the loaf bread in the sandwiches. In general, it was a really good experience."

Noa Monzón-S3C

"In this trip to York I enjoyed everything. It is a very beautiful place with nice people. I liked going sightseeing and shopping, I bought lots of things, but the museum we visited on Saturday was really boring for me. The family was very nice to us. I learnt to interact with people that doesn't speak my language and English expressions and words that I had never heard before and I can use now; also I learnt how to move around the city by myself."

Ada Martín-S3C

"My stay in York was really interesting and it was a new experience that I recommend. My family was nice but my brothers didn't speak to Sofia and me because they were really shy, but apart from that I loved all the things that we did there. The activities that I liked the most was walking around the city and and going sightseeing."

Ana Julia Díez-S3A

"I really enjoyed my stay in York with the host family. They were very kind and friendly with us and we spoke a lot with them. They city is beautiful, so we had a great time while we're visiting it. I especially loved The Shambles and the Harry Potter shop because I'm a big fan of it."

Nuria Guijarro- S3B

"The trip to England was very good. I learned a lot, the family was very polite and kind. The food was enough and was delicious. The house was nice, we had a bedroom each. The classes were OK. The teachers made the classes funny and they taught very well. I had a very good time, I learnt a lot and I will go to England another time to learn more English."

César Martínez-S3B

"This has been one of the best weeks of my life. The host family was lovely and I met new people. It was amazing. I want to come back again and spend more time there."

Fabio Martín-S3C
